

# SIDEKICK Reports

## Customised reports for MYOB Accounting Software

---

### WHAT IS IT ?

**SIDEKICK** is a software product that offers unique additional features for users of the MYOB family of accounting applications:

Reports	Reports not available in MYOB (see further details)
Searches	Blank Job codes, faulty GST codes, Memo Description
Tools	Copy data files, loan calculator, metric conversions

### WHY USE IT ?

Normal users of MYOB Accounting software generate a large volume of very useful data. Although MYOB has a wide range of reports, the producers of **SIDEKICK** have identified further reports that make use of the data you already have available. You obtain the benefit of further analysis at no further cost for data entry.

### HOW DOES IT WORK ?

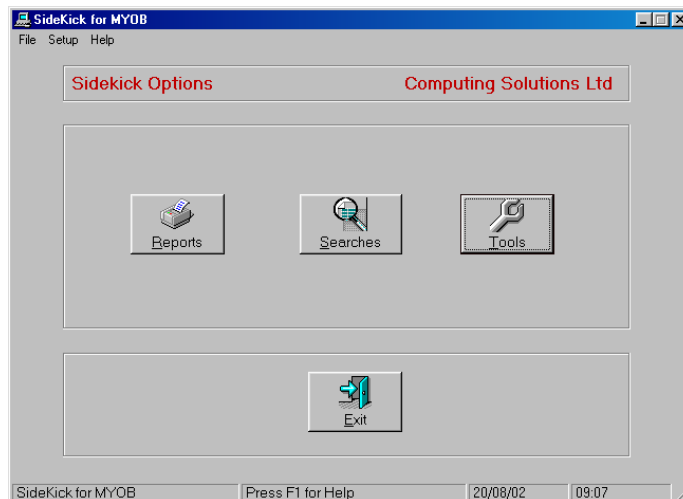

**SIDEKICK** reads data directly from your MYOB Company file. It then formats reports or conducts searches based on the options chosen in Sidekick.
