INSTALLING A COPY

- 1) supply us with your MYOB serial number - this will then be registered with MYOB for an ODBC licence.
- 2) download the software from the website below and install it on the desired PC
- 3) use Setup / Registration and 'Print the form'. Complete the details and email it or fax it to us. Once arrangements are made for payment, we will return a key number for registration. Please include your contact details, including email address on the form.
- 4) once the key number is received, run **MYOB** and use Setup / Company Information / Licence and 'Enable Online' – this will update the ODBC licence in the file.
- 5) in Sidekick, use Setup / Registration, read the licence and register. Then use Setup / MYOB Connection and connect to your data file
- 6) all features of Sidekick will now be available.
