

GROUP STATEMENTS

Group Statements for MYOB Accounting

WHAT IS IT ?

GROUP STATEMENTS is a software product that offers unique additional features for users of the MYOB family of accounting applications. Invoices from individual customers can be grouped together onto one statement.

The software can also create an XML file and email it to B2B Ecommerce sites.

WHY USE IT ?

Some users of MYOB Accounting software (usually distributors of products) need to invoice sales to individual customers, however send a statement to a master distributor or 'Head Office'. The **GROUP STATEMENTS** software can pool these invoices together into one statement at no further cost for data entry.

HOW DOES IT WORK ?

Customer cards in MYOB are set up in groups using 'Custom Lists'. One custom list box is used to specify which group the customer belongs to and another to specify which cards are the 'Head Office'. **GROUP STATEMENTS** then reads MYOB data from the Accounts Receivable report written to disk by MYOB. It then formats statements to a single address combining invoices from all customers specified as belonging to that group.

WHAT ARE ITS FEATURES ?

Invoices can be in one sequence down the page, or else each customer name can be shown with a separate total.

Some formats include a right hand remittance advice for pre-printed stationery.

Other options allow for customised text (eg payment terms), and whether to show ageing details.

B2B eCOMMERCE

GROUP STATEMENTS can create an XML file and email it to designated eCommerce sites. The file can be sent in either a “Test” mode or a “Live” mode. All invoice details are read from the MYOB data file.

COMPUTER COMPATABILITY

GROUP STATEMENTS is a Windows product, with standard Windows features, including a full range of context-sensitive Help notes. Once registered, the demonstration version becomes the full working copy and can be used immediately. **GROUP STATEMENTS** can be run on Mac computers using PC emulation software.

HOW DO I GET THE FORMAT I NEED ?

If the format you need is not included, it can be added. The cost will depend on the complexity of the format.

WHAT DOES IT COST ?

GROUP STATEMENTS RRP \$600.00 plus GST (NZ and AU)

Payment may be by Direct Credit, Mastercard or Visa.

GROUP STATEMENTS can be tried out on a trial basis, and then registered by phone, fax or e-mail once payment is confirmed. You can order the software and pay by credit card using the web site below.

WHERE DO I GET A COPY ?

You can download a free trial version from www.computingsolutions.co.nz

If you are unable to download, a demonstration CD may be obtained for \$11.25 from:
